And What Have You

By BOB CRAIG

We were sorry that there were not more adults in attendance at the All-Sports Banquet Saturday evening. Those who did not attend missed a good program.

It bothers us a great deal that so many adults expect so much from our youth on the playing fields but are so unwilling to support them at affairs such as this.

There were about 90 youngsters honored at the banquet and the total attendance was less than 160 so this did not include very many parents or other interested people.

While admittedly we did not have a "winning" varsity football season we did have a very successful season as far as the over all program was concerned. And the youngsters who took part in this program deserved more support than they received Saturday evening.

But, come next year, these same people will be expecting the very best out of these youngsters again and will conveniently forget how little support and encouragement they have given them.

Be sure and mark a big "X" on your calendar for Saturday so that you will remember to go vote. It would be great if at least 90 percent of those who are qualified to vote would turn out for this important election Saturday. Even this would be a lighter turnout than it should be because there are far too many who have not qualified themselves to vote.

As we have said in this column many times before we do not care how you vote but please vote.

We do not know who started the idea that newspapers endorse certain candidates and are not sure if it is a good or a bad idea but since it seems to be an accepted practice we might as well join the rest of them in doing so. So for what it is worth, these are our picks.

For United States Senator we have to go along with Barefoot Sanders if for no other reason than he is the only one of the candidates who has a chance of defeating Ralph Yarborough. The people of Texas retired Ralph once and this should be enough.

For governor we have already stated our preference for Dolph Briscoe and these last days of campaign have done nothing to change our minds.

For Lieutenant Governor we have to go along with Wayne Connally for two reasons. One is that if he just half the Lt. Governor that his brother was Governor then he will be a winner and the other is that we still remember that he tried to get the state to assume more of the financial burden of operating our school system last year during the regular session of the legislature. Had he been successful we might not be in the bind with the courts we now find ourselves in.

We will stay with Crawford Martin for the post of Attorney General, feeling that by and large he has done a good job.

When you get down to Comptroller of Public Accounts and State Treasurer we find it hard to know just which way to turn. We are convinced that both the incumbents need to retire since they have both passed the normal retirement age. But it seems very difficult to find out very much about the other candidates seeking these offices.

Using no other guideline than the fact that they are from our part of the country we are supporting R. G. (Randy) Pendleton of Andrews for Comptroller and Baker Rudolph of Coleman for Treasurer.

As far as we can find out John C. White has done a good job as Commissioner of Agriculture as has Byron Tunnell as Railroad Commissioner. Both of these men should probably be re-elected.

BOYS RECEIVE ATHLETIC HONORS — Hamlin High School boys receiving top honors at the Saturday evening All-Sports Banquet are, from left, Bill Cork, Track Award; Leonard Johnson, Basketball Award; Barry McDonald, Back of the Year; Mike Donham, Lineman of the Year; and Ricky Rodgers, Best All-Around Athlete. The banquet, sponsored by the Pied Piper Booster Club, honored all students in the high school athletic program.

Six Top Athletes Honored At Sports Banquet Saturday

Six outstanding athletes of Hamlin High School were honored with plaques at the second annual All-Sports Banquet Saturday evening in the high school cafeteria under the sponsorship of the Pied Piper Booster Club. Some 90 students were recognized for their participation in the athletic program.

Ricky Rodgers, a senior, was named Best All Around Athlete. He has earned two football letters, two basketball letters and was named to the second All District team and participated in track.

Becky Wright, an All District selection, received the Girls Basketball award. She lettered in girls basketball and went to regional in girls tennis doubles.

Barry McDonald, a senior, was named Back of the Year. A two year letterman, he was named to the second All District football team.

Mike Donham, a senior on the second football team, all District, was named Lineman of the Year. He is a two year letterman.

Leonard Johnson, a senior two year letterman and All District Basketball team, was presented the Boys Basketball Award.

Bill Cork, a sophomore, was presented with the Track Award. He participates in football, basketball and has earned a trip to state with first places at regional in broad jump, high jump and the 220. He was also on the second place spring relay team at district.

Special awards letters, jackets and blankets were presented by Head Basketball Coach Bobby King.

Head Coach Ray Overton of Cooper High School in Abilene, guest speaker, was introduced by Coach King as an "honorary member of the profession and a fine Christian man."

Coach Overton called athletics the greatest laboratory in the world. In athletics, the players lose their identity and do what is good for the team. Athletics, he said, is the soul of school spirit.

He asked his audience of some 160 youth and adults to look at people who had made contributions to the world. These people have the same attributes as a winning team, he noted.

First point taken was courage — "Courage to stand up for what is right and know what is wrong." Some people never fail, he said, because they don't attempt for fear of failure. These never know the bitterness of defeat but also never know the sweetness of victory.

He cited Winston Churchill who was not successful until he

was past age 60. Abe Lincoln lost nine out of 11 races for public office, he said.

The speaker urged those present to have a goal and set a time to reach it.

Talent varies, he said, but no one has cornered the market on desire.

This country owes you nothing but the opportunity to place your foot on the first rung of the ladder to success.

He urged the young people to have respect for their coaches, the school, the community and their parents.

In conclusion he gave illustrations of important people who had failed and emphasized that it was not a weakness in their ability but failure came when there was a breakdown of character.

James E. Rodgers, retiring president of the Booster Club, introduced Kenneth Hertel, new president of the organization. New officers introduced by Hertel were Ewell Mackey, vice president; Charles Reed, secretary-treasurer; Rodgers, John Hudson and Eugen Baker, directors.

A special presentation of gifts to the coaches was made by Ricky Rodgers, president of the Letterman's Club, and organization that was started last year. The club, Rodgers said, was started by Head Coach Deane Wright and gave the players an opportunity to get to know each other better and share ideas.

The benediction, given by Rev. Dick McAnally, pastor of the First Assembly of God Church, was followed by the singing of the Piper Song, led by the cheerleaders.

Democratic candidate for state representative. His name will be on the ballot for representative and write-ins are not allowed in the primaries.

County chairmen of the counties involved will name a candidate for the place on the November general election ballot following Ratliff's resignation.

Jack Willingham, Hamlin attorney, is one of those being mentioned as a possible candidate for this post.

In Jones County the only contested county-wide race is for sheriff with incumbent Woodrow Simmons being opposed by H. L. Baldwin of Avoca.

The county also has a pair of commissioner's races with the Hamlin area voting in the precinct 1 race. Seeking the post of precinct 1 commissioner are W. M. (Willie) Holloway of Anson, Burnia Reid of Hamlin, Cecil Brown of Hamlin and W. L. (Bill) Moore of Hamlin.

Voters will also vote on the following referendum proposition: "No public school student shall because of his race, creed, or color, be assigned to or required to attend a particular school. This referendum applies to the required busing of public school students and provides for equal quality education for all public school students."

Haight said Tuesday that his committee expects the program to cost between \$600 and \$700 for the summer. Those interested in supporting the program are urged to make their donations at the BCD office or at the Farmers and Merchants National Bank.

The program, planned for all ages, will be under the direction of Patti Murphree and will get underway June 1 and run through July.

Haight said that plans have been made for each donor to be recognized for their contribution through this newspaper.

AT BANQUET HONORING SENIORS — Members of the Senior Class were honored Friday evening with a banquet in the Fellowship Hall. Among those taking part are, from left, Mrs. Vera Hooper, food chairman; Mrs. Wilmuth Butler, speaker; Miss Mary Esco, master of ceremonies; Mrs. I. J. Starr, widow of the late Mr. I. J. Starr, Senior Class sponsor; and Mrs. Leo Scott and Rev. Leo Scott, pastor.

Oak Grove Church Honors HHS Seniors With Banquet

Oak Grove Baptist Church fulfilled the last request of the late Mr. I. J. Starr Friday evening with a banquet in the Fellowship Hall for the Senior Class, their sponsors, the class parents and administrators.

Mr. Starr, who served as a Senior Class sponsor for many years, had presented the idea of honoring the 1972 Class with a banquet to the church membership on Sunday evening just before his unexpected death on Monday, Dec. 13, 1971.

Mr. Starr, Hamlin civic and church leader, had lived here 13 years. He was a high school math and science teacher and former principal of Oscar DePriest School.

The theme was "Hitch Your Wagon to A Star." Miss Mary Esco was master of ceremonies. The invocation was given by the pastor, Rev. Leo Scott.

Mrs. Wilmuth Butler, a former English teacher at DePriest School here, and presently an English teacher at Madison Junior High School in Abilene, was the speaker.

Using as her subject, "Life is What You Make It," she used lines from a poem written by one of her students. "Life is living. Life is love. Life is taking the good with the bad and the sorrow with the happiness. Life is what you make it, whether good or bad, happy or sad. Take it as it comes because life is life," she related.

"There comes a time in all of our lives when we must face ourselves. It takes a lot of courage to face yourself. Professing good qualities is not difficult, acknowledging vices may provide satisfying therapy, but, still no accomplishments have been made towards facing and helping to overcome these inner conflicts," she said.

"The Everlasting Memorial" was read by Mrs. Leo Scott as a tribute to Mr. Starr.

A special guest was G. L. Smith, assistant to the president for development at Prairie View A & M. A former dean of the school of agriculture, he was one of Mr. Starr's instructors when he entered college. He said "He (Mr. Starr) didn't have any enemies for somehow he knew how to make friends and keep them." It was while Mr. Smith was in Africa that he contacted Mr. Starr to come to Africa to teach agriculture when he learned that he had changed his field to education.

C. A. Thomas, registrar and

professor in the education department, another guest, spoke briefly.

Following the unveiling of a portrait of Mr. Starr, his wife said "My husband was a record keeper. He believed that the only way to avoid arguments or misunderstandings was to keep a true record of all transactions."

She told the seniors, "As you go your various ways in pursuit of your life's work, make record

Mrs. LaBaume Honored for NWMS Service

Mrs. C. E. LaBaume, who has served as local Nazarene World Missionary Society President for 25 years in the Hamlin Church of the Nazarene, was honored in the fellowship hall of the church last Wednesday evening. Presented her were gifts and a Bible cake inscribed "Your labour is not in vain in the Lord" I Corinthians 15:58.

A short program was given, including words of commendation and a reminder that the name of Mrs. LaBaume's brother, Rev. Robert L. Jones, would be placed on the Memorial Roll of the General Church by the local NWMS, by the pastor Rev. Marshall Stewart. A reading was written and given by Patti Young, the incoming president; group singing of "Bless Be The Tie" and closing prayer by Rev. Joe Norton ended the program.

Refreshments were served to approximately 30 members attending.

Mrs. Shearer Elected B&PW Club President

Mrs. Frank Shearer was elected president of the Business and Professional Women's Club at the Apr. 25 meeting in the home of Mrs. Levi McCollum in McCaulley.

Other officers elected for the coming year include Miss Viola Avants, second vice president; Mrs. Luther Haught, secretary; and Mrs. LaFoy Patterson, treasurer. The first vice president will be elected at a later date.

The next meeting will be May 9 at Hamlin Restaurant at 7 p.m. The public relations committee will be in charge

Winkler, Smith Wed In Lubbock

Karen Irene Winkler and Randall Floyd Smith were united in marriage in a double ring ceremony at 8:00 p.m. Saturday in the home of the bride's parents, Dr. and Mrs. Herald W. Winkler of 6807 Norfolk Ave., Lubbock.

Parents of the bridegroom are Mr. and Mrs. Floyd F. Smith of Hamlin. Performing the ceremony was the Rev. Charles Clough of Lubbock Bible Church.

Given in marriage by her father, the bride wore a formal length gown fashioned of antique candlelight faille taffeta. A wide belt encircled the natural waistline of the long sleeved, high necked gown. The softly gathered skirt featured a deep full flounce and the bodice was adorned with ruffles over the shoulders in a pinafore effect. A tiered veil of imported ivory illusion was attached to a pearly lace bonnet-type headpiece.

Miss Mary Ann McFall of Houston was maid of honor. She wore a formal gown of lavender voile featuring a white lace ruffle outlining a tucked V-yoke on the bodice. Long full sleeves were touched with white lace ruffles at the wrists.

Mike Murphree of Arlington served as best man. Guests were seated by the brother of the bride, Steven Winkler, and Stephen Smith, brother of the bridegroom.

The couple greeted guests at a

reception in the home before traveling to Ft. Worth on a

wedding trip, after which they plan to reside in Lubbock.

The bride was a 1969 graduate of Bellaire High School in Houston and attended Stephen F. Austin State University. The bridegroom was graduate of Hamlin High School and is a senior architecture student at Texas Tech University.

And What Have You
By BOB CRAIG

Normally we do not endorse anyone at the county level but we are going to make an exception this time and endorse Woodrow Simmons for a second term as sheriff. He has done us a very good job and has done everything possible to serve the whole county and deserves a second term.

In an effort to give our readers a better opportunity to make up their own minds about the commissioner's race we mailed all four candidates a questionnaire dealing with some of the issues that seemed important in the race. But apparently at least some of the candidates did not want to answer the questionnaire and talked the others out of returning theirs.

We drew up the questionnaire after reading all of the candidate's statements and finding that about all they seemed concerned about was the county roads. While the commissioners do have the responsibilities of the county roads, they also represent their precinct on the commissioner's court.

Because most of the voters do not live on county roads and have little interest in this matter, they must make their selection on the basis of who will serve the needs of the public the best on the commissioner's court. This means that about the same considerations should be given in making the selection that one would use to select a city councilman or a school trustee.

For this reason we asked each of the candidates the following questions: Why are you running for Commissioner? What do you consider your qualifications for the office? What do you think the most pressing needs of the county are at present? What programs do you feel should be started or stressed to deal with the needs?

How do you feel about assigning one or more Sheriff's deputies (with cars) to the northern part of the county even if it should mean a slight increase in county taxes? How do you feel about redrawing the precinct lines in Jones County to more nearly conform to the one-man, one-vote rulings by the courts? How do you feel about the county government working more closely with the various city governments within the county in such areas as rural fire protection, ambulance service, garbage disposal, tax collections, law enforcement, etc.?

We felt these questions were important but apparently the candidates did not. The one question that probably should not have been included was the one about redrawing the precinct lines because this question has been settled by the courts and now it is just a question of when the commissioner's court is going to obey the court ruling. They have put it off for several years now with one excuse or another but will probably have to do something in the near future.

A good example of how bad the situation is in the county is shown in the distribution of the qualified voters in the county by precincts. This is as follows: Precinct 1, 1801; Precinct 2, 2,494; Precinct 3, 1, 165; and Precinct 4, 711. Hamlin is in Precinct 1 and Stamford is in Precinct 2.

This means that the 711 voters in Precinct 4 have the same voice in their county government as do the 1801 voters living in Precinct 1. This does not even come close to meeting the court's ruling on one-man, one-vote.

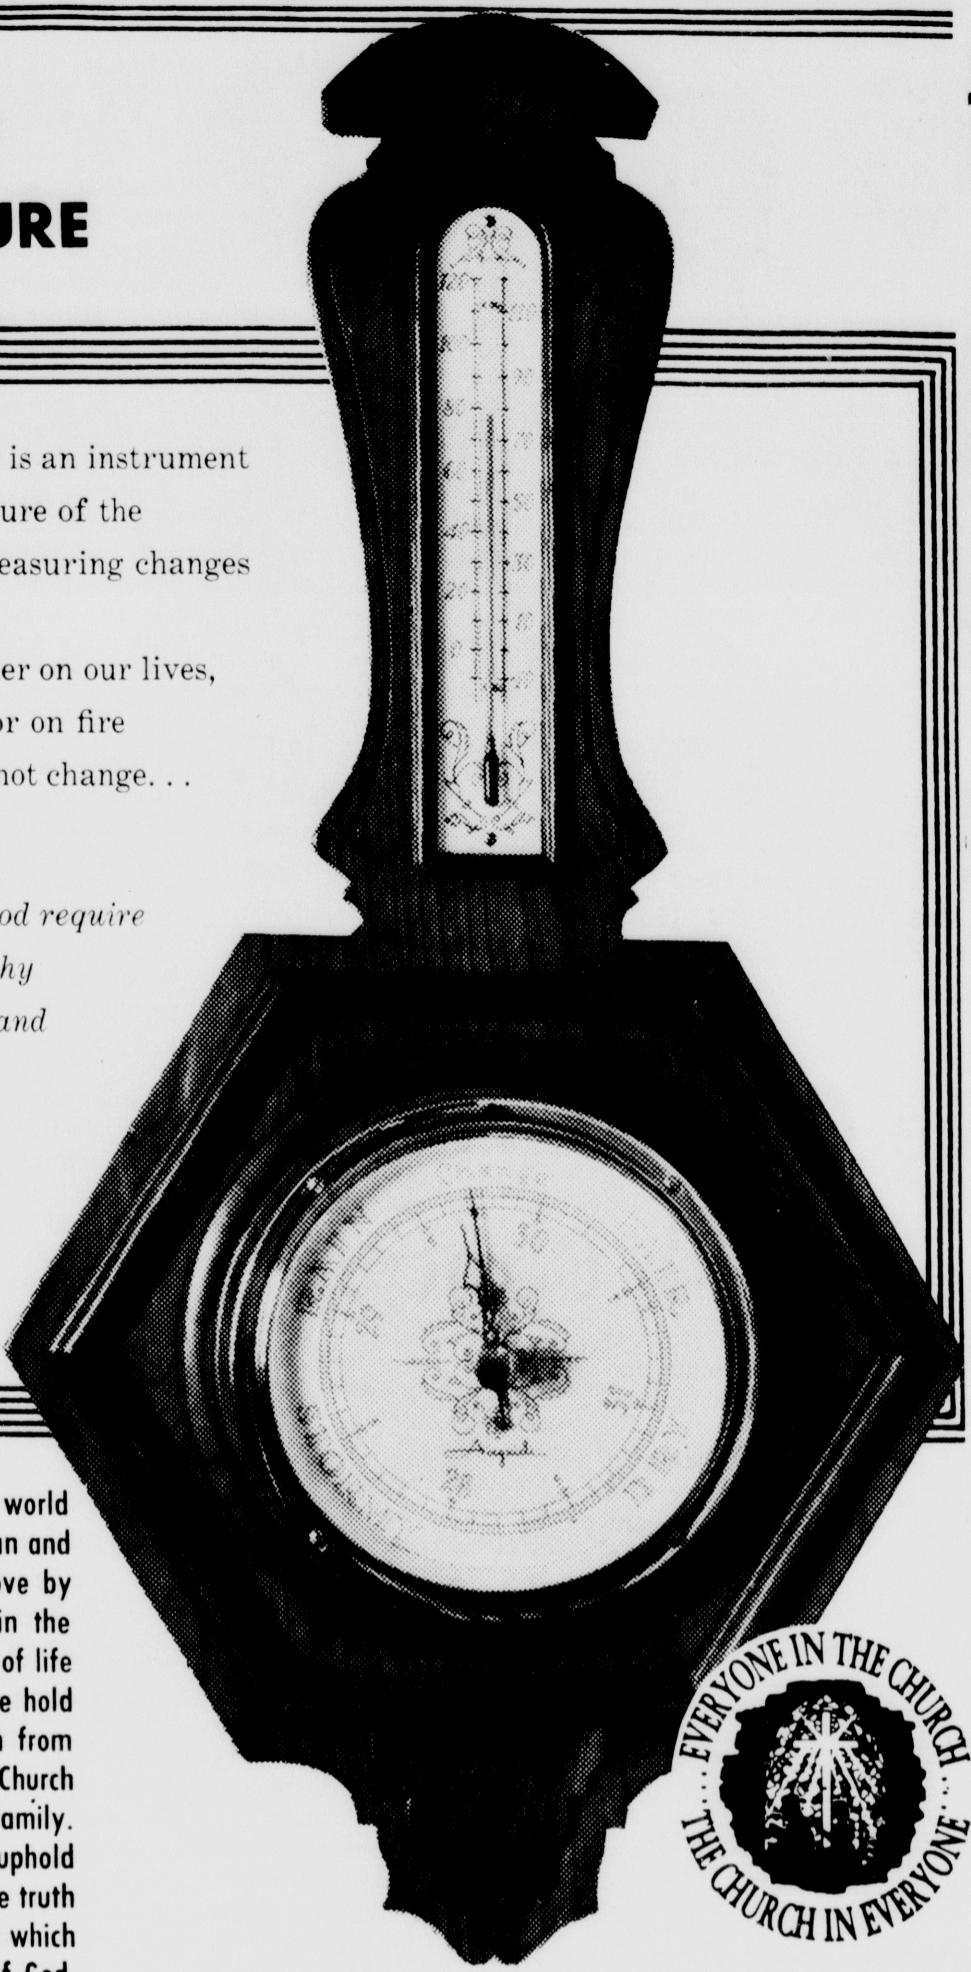

BAROMETER
for the FUTURE

Webster says that a barometer is an instrument measuring the weight or pressure of the atmosphere, foretelling and measuring changes of weather and altitude.

If God were to place a barometer on our lives, would we be cold, lukewarm, or on fire for the Lord. The past we can not change. . . the future is up to us.

"... what doth the Lord thy God require of thee, but to fear the Lord thy God, to walk in all His ways, and to love Him, and to serve the Lord thy God with all thy heart and with all thy soul." ATTEND CHURCH REGULARLY

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Neinda Philosopher Hopes Ban On Exaggerated Claims for Headache Tablets Doesn't Spread

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One seems to be fighting a headache, his letter this week indicates.

Dear editor: As everybody knows, the best spot on television to advertise a headache remedy is about two-thirds way through the evening's newscast. By that time the demand for it naturally skyrockets and I have a notion that the manufacturers of the tablets know the worse the news is the higher their sales go and they're bound to smile a little, like the gas and oil people rubbing their hands in anticipation when the first cold wave of the year hits.

In this connection, the Federal Communications Commission doesn't object to pushing the sale of headache remedies right at the time when anybody who is paying attention to the news needs them the most, but it does object to one company's claiming its remedy is stronger or better than another when tests indicate they're all about the same.

Therefore it is considering adopting a rule forbidding the practice, and is even considering requiring the companies to spend 25 percent of their advertising budget over the past two years to correct all claims of superiority.

I guess this is all right, but I hope the Commission doesn't go any further.

For example, you don't suppose it's considering a rule forbidding one candidate for claiming his remedies for the nation's ills are stronger and better than another's? It isn't going to stop a candidate's saying if you'll take two of his remedies that are fast, fast, fast you'll feel better immediately and greet inflation with a smile? He can't say, take two plans from my platform at bedtime and sleep, sleep, sleep? He can't ask you to vote for him and end that nagging tax ache?

He can't say his timed-released policies will get you through the next four years faster than anybody else's and you'll wake up feeling great?

The Commission had better think about this. It's fixing to take all the fun out of politics.

However, it has its bright side. If a candidate after spending a million dollars on television trying to get elected is then required to spend 25 percent of that correcting all his

exaggerated claims, it'd then be the television advertising manager's turn to smile. One man's poison is another man's meat, although if too much preservative is added it comes out the same.

Yours faithfully,
J. A.

Marriages may be made in heaven, but it's hard to keep them heavenly when it's hotter than blazes.

That's where central gas air conditioning comes in. It can bring you together. All summer long. As close as you want. All summer long.

And it won't cost you much either. In fact, if you have gas heating in your home, you could easily have half a central air conditioning system already. Because you may be able to use the duct work and furnace blower you already have. That saves about fifty percent on installation costs.

That's just part of the savings. Gas costs less to operate than electricity. And you get special low rates during the long hot summer months.

But you'll save more than money with gas. You'll save time and energy, too. Because with central gas air conditioning there are fewer moving parts. Fewer breakdowns. Fewer repairs.

This summer, have central gas air conditioning installed. For love's sake.

This time we can defeat the Texas political machine.

Political machines have to operate from a base of immense power and influence. They are good for politicians who want a quick accumulation of wealth and power. But they are bad for the people, because they remove government from the hands of the people. And government is supposed to serve, not rule the people. Texas' political machine is a big one. And it's strong. But it's not invincible. It is vulnerable now, because it has made some bad mistakes. Mistakes that came to the people's attention. Surveys show now that the most significant issue in the minds of Texas voters is good, honest government. And the people of Texas can defeat the machine. On May 6, let's stop the political machine and return the government to the people.

To The Voters of Precinct #1

As election time draws near, I would like to take this opportunity to say "thank you" to all my many friends for their thoughtful consideration during my campaign. I regret that I have been unable to contact each voter personally, but time would not permit. However I am still working toward that goal. If you are one of those whom I have not seen, please accept this article as a means of reaching you.

If I am elected as your Commissioner, I will devote my time to serving the people of this Precinct to the best of my ability.

I have been asked the question; would I move the Precinct headquarters if elected? I feel that the County barn is well established in its present location. To move this barn would only be added expense to the county; therefore my answer to this question would be, No. The Precinct headquarters would remain at its present location in Hamlin.

I want to be your next Commissioner, your vote on May 6th will be greatly appreciated.

TO THE CITIZENS OF PRECINCT 1
Jones County, Texas

As the last days of campaigning for the position of Commissioner draws to a close, I would like to take this opportunity to thank everyone for their courtesy and words of encouragement. If I have missed any of you personally, I extend my sincere regrets.

I have been out of town in Friona, Texas with my daughter who is in the hospital there, and will have to be back there more time between now and election day.

I have strived diligently to run a clean race without prejudice or malice toward anyone and if I am elected I pledge to conduct this office on the same principles.

As most of you know, I have been an employee of Precinct 1 for 22 years, and I base my qualifications for Commissioner on the experience I have achieved during these years and I am thoroughly aware of the responsibility this position carries.

I would like to urge everyone to exercise their privilege and go to the polls on May 6th.

I realize I have some stiff competition, but I ask you to consider the issues carefully and no matter who your choice of candidates, please, vote. It is your duty and your chance to have a voice in your County government.

Again, I ask for your support and pledge to run the office to the best of my ability if I am elected.

Thank you,
W. L. (BILL) MOORE

Card of Thanks

CARD OF THANKS
It is with grateful hearts we want to thank the people for their prayers, and those who sent food and donations during the time of our sorrow. And to the wonderful hospital staff for their kindness to Plez during his many hours in the hospital, we are sincerely appreciative. A special thanks go to our neighbors who spent so many hours with him during the last year. You will never know how much it meant to him. Just let me say, I am glad I live in Hamlin.
